---

Jeff "Griff" Griffin recently joined MS World after serving as Senior Partner/Co-Owner of Momentum Sports Group. During his time at Momentum, Griff co-represented 25 NFL Draft picks and has represented athletes for over 11 years.

In 2009, Griff negotiated a four year \$27.5 million dollar contract for Ronald Bartell of the St. Louis Rams. The contract paid Ronald more money(over 9 million) in year one of the contract than any other cornerback in 2009 free agency.

In 2007, Griff negotiated a lucrative contract for Robert Meachem (27th Overall in the 2007 NFL Draft). He achieved significant increases in every key category(guarantee, base package, max package) over the 27th pick in the 2006 draft.

In 1996, Griff concluded his playing career as a Fullback at Abilene Christian University in Abilene, Texas. As a former college football player, his understanding of the game is invaluable and will be a true asset while assisting MS World clients during and after their playing careers. Welcome to the team Griff!
